

Skipped Parts, LLC is now offering a single day workshop for adult and juvenile offenders in need of healthy sexuality/boundaries classes.

In the 2 1/2 years since our inception, we have received multiple referrals for low-risk individuals who are in need of low-intervention and short-term treatment options.

This workshop is our response to these requests. A full day of psychoeducation using engaging and evidenced based curricula.

Juvenile offenders and adults will be in separate workshops.

For upcoming dates, check our website or contact
